⚠️ Small Adjustment (to match your exact macros)

Your target:

Protein: 180 g

Carbs: 195 g

Fat: 60 g

Fix it easily:

➕ Add ½ cup rice (75 g cooked) somewhere

→ +20 g carbs

➕ Add 1 tsp oil or ½ tbsp peanut butter

→ +5 g fat

➖ Slightly reduce chicken (optional)

→ to bring protein closer to 180 g

💡 Key Insight

You're already very close to perfect macros

Slight adjustments = fully dialed in

🔁 **Rotation (So You Don't Get Bored)**

Switch flavors without changing macros:

- Chicken → adobo, inasal, garlic pepper
- Fish → sinigang, prito, inihaw
- Tuna → spicy, calamansi, onion mix

💡 **Pro Tips (Important)**

- Cook once, eat 3–5 days → saves time + money
- Keep meals **simple and repeatable**
- Consistency > variety when hitting macros
